The absence of distractions and the presence of like-minded individuals make this an ideal setting for artists. More than ever in today's world, we need space to unwind, recharge, and be inspired. This 5-night artists' retreat offers:

- The opportunity to nurture your creative spirit, with specially designed workshops to explore and experiment with a range of media, reflecting on who we are as individual artists.
- The option to practise yoga with a highly experienced and intuitive instructor in either an indoor or outdoor studio. Differentiation is made for all abilities.
- The chance to experience some genuine, camaraderie around the table enjoying delicious wines paired with local organic, homegrown homemade meals. New friendships are to be made amidst laughter, creative discussion, and reflection.
